Welcome to the DG2! Our fall dance season is getting off to a great start with many DG2 dancers returning and new dancers joining us!

The first few weeks in class after our summer break can be messy. But not this year! We have such a great team of dancers, parents and DG2 staff that everything has been smooth sailing! Much of this is due to our fantastic group of Student Teachers and Jr. Student Teachers who were well prepared for all the new classes. The classes look GREAT! We are excitedly preparing for the Dance Gallery 2 Annual **"Holiday Revue"** scheduled for: **THURSDAY, DECEMBER 13th, 2018**. Rehearsal time will be **Tuesday & Wednesday, December 11th & 12th**. Proceeds from annual Holiday Revue performance benefit our sponsor, the **Sutter Children's Center Child Life Program**, and we are very proud to continue our tradition of donating to this worthwhile organization.

Our brand new DG2 3 & 4 year olds Ballet Class had so much fun during their first dance class of the season. Especially when DG2 staff gave them their special gift, a DG2 Bear!! It was such a great Saturday morning!

HOLIDAY REVUE RECITAL FEE

Reminder: Your Holiday Revue Recital Fee is due on **October 13th**. The recital fee is **\$39** per family (per account). Each family will receive 2 Holiday Revue tickets for the performance. Your Holiday Revue Fee will be automatically deducted from your Auto Pay Service account.

Please NOTE: Black DG2 Dancewear is requirement for our Holiday Revue performance. For your convenience a Dancewear Order Form has been included with this newsletter.

Our Student Teacher program is designed for the DG2 dancer who is interested in being more than just dance student. Going through the program allows the an opportunity to learn and demonstrate leadership, teamwork, dedication, confidence in decision making, accountability and a chance to contribute back to the community. As a Student Teacher, they can earn their community service hours for graduation and build a strong foundation that looks great on a college and job resume'. A dedicated Student Teacher that grows in the program through their senior year in high school, has an opportunity to be hired back as a teacher at the DG2! You can see them working in the classroom in their teal leotards, setting examples for our younger students and aspiring dancers. They are volunteers that love dance and donate their time to their passion.

They are true examples of what the DG2 believes in and strives for by assisting each of our dancers to be a star and shine. At the DG2, we take pride to be able to provide a program that results in skilled dancers, but more importantly, amazing young people!

The Dance Gallery 2 Student Teaching program started in 1995 and has been so popular and successful that the Jr. Student Teacher program was developed for younger participants. This includes dancers that find their dedication and passion at a young age and gives them a platform in which to use it! Just like the Student Teachers, the Jr Student Teachers have to qualify by progressing in class and devoted time to help others enjoy the dance experience. In addition, like the Student Teachers, they sign a contract that keeps them true to their school studies, their family and the beliefs of the DG2. The Jr Student Teachers aspire and are in training to become STs and you can see them in their pink leotards assisting in the classroom. This is their first step toward becoming incredible young people by developing important life skills while furthering their interest in our common passion; dance.
