

Darren Wong

The DG2 is thrilled to introduce and announce the addition of Darren Wong as our new hip hop director. Darren comes to us from Los Angeles where he performed as a member of the Kinjaz dance crew on NBC's World of Dance. For 17 years he has been teaching, choreographing, and training dancers in the hip hop genre. His experiences and achievements have led him to many professional opportunities, including working and performing with such artists as Justin Bieber and Nicki Minaj. His skills have also landed him additional opportunities to appear on Saturday Night Live, The BET Awards, MTV's America's Best Dance Crew. As director of the DG2 hip hop program, Darren strives to help students to build their self-confidence both inside and outside of dance class. Darren believes there are always events in a person's life where you will have the opportunity to dance. Being able to step out onto any dance floor is one of the greatest ways to conquer your own fears and build your self-confidence.
